When Amelia* first connected with The Salvation Army, she was living in a motel, feeling lost and without direction. She had heard about the café at the Lighthouse, where she could find a warm meal and a place to do laundry. There she met Niki, a caseworker who took the time to see her as more than her struggles. Niki shared about Pathway of Hope, and for the first time in a long while, Amelia felt that someone truly cared. Prayer became a source of strength for her, helping her hold on to hope during a time when she felt her purpose slipping away.

Over the next seven months, Amelia set and achieved many goals. She found safe housing, gained stability in her finances, and developed important life skills. She also took part in volunteer opportunities with The Salvation Army, which gave her a renewed sense of belonging and purpose. Along the way, her caseworker's encouragement and the chaplain's prayers reminded her that she was not alone.

Today, Amelia is moving forward with confidence. She now has a stable home and a renewed outlook on life. She describes her greatest achievement as deciding to keep moving forward, to value her life and embrace a future filled with possibility. "I have hope now," she shares. "My outlook has changed for the positive, and I'm working hard to maintain stability."

Amelia encourages others to join Pathway of Hope, reminding them that "you will get out of it what you put in." Her journey is a testament to the power of support, faith, and determination, and to the life-changing impact of Pathway of Hope at New Hope Community Church.
